Presentation

Current anti-HIV treatments have progressively led to optimal control of HIV infection in terms of efficacy and safety and, nowadays, front-line treatment research is focusing on strategies for HIV eradication and enhancement of the host immune control of infection. In this scenario the brain may play a role as possible HIV reservoir, where physiological barriers might limit the efficacy of anti-HIV drugs and eradication/immune enhancing treatments.

In addition, mental health is an increasingly relevant clinical issue among persons with HIV, in association with the increasing age and frequency of chronic diseases. Not only the HIV epidemics, though, but also the new COVID-19 epidemics seems to represent a current mental health challenge, with neuropsychiatric problems that might add to HIV-related problems and, on the other hand, display a novel model of post-viral brain involvement.

The goal of this meeting is to update and discuss the current concepts on HIV brain infection, and the impact and mechanisms of long-term mental health issues in both the HIV and COVID-19 infections.

Scientific Committee

Andrea ANTINORI
Rome, Italy

Paola CINQUE
Milan, Italy

Steven DEEKS
San Francisco, USA

Anna Maria GERETTI
Rome, Italy

Magnus GISSLÉN
Goteborg, Sweden

Adriano LAZZARIN
Milan, Italy

Carlo Federico PERNO
Rome, Italy

Richard W. PRICE
San Francisco, USA

Serena SPUDICH
New Haven, USA

Ronald SWANSTROM
Chapel Hill, USA

General Informations

Congress Venue

Grand Hotel Oriente

Via A. Diaz, 44 - 80134 Naples

Tel: +39 081 5512133 - Fax: +39 081 5514916

Organizing Secretariat

Nadirex International Srl - Via Riviera, 39 27100 Pavia

Tel. +39.0382.525714/35 - Fax +39.0382.525736

CME

The request for CME credits shall be forwarded to the Italian Ministry of Health for Italian participants.

The Congress is intended for 100 participants.

Physicians: Infectious Diseases - Microbiology and Virology - Neurology - Psychiatry.

Psychologists: Psychotherapy - Psychology.

Registration fee

Early Registration before October, 18th Euro 427,00 (€ 350,00 + 22% VAT)

Late Registration after October, 18th Euro 488,00 (€ 400,00 + 22% VAT)

Congress registration: www.neurohiv.com

Official language

Official language: English.

Simultaneous translation will not be provided.

Oral Communications and Posters

The scientific programme of the conference will include Oral Communications and Posters' Sessions.
